*Fit test adapters for RS01S*

Dear Sir or Madam,

STS would like to confirm that the new fit test adapter (52000) can be used RS01S due to the following reason.

1. Our half mask RS01S has the same connector with the current half mask model RS01 and RS01SD referred as "RS01 Series". This connector will also be the same with our full face mask CF01 and FS01, therefore, RS01S can be used with the new fit test adapter.
