

AEROSOL GAS CAGES

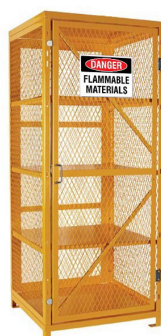

- ▶ Yellow powder coated steel construction is suitable for outdoor environments.
- ▶ Walls are made using steel mesh for free flow ventilation.
- ▶ Strong magnetic door closures at two points ensures door remains securely closed with lug to enable a padlock (not supplied) to be fitted.
- ▶ Raised feet makes initial forklift placement easy.
- ▶ Pre-drilled holes in feet allow gas cage to be bolted down to the ground.
- ▶ Include sign on door "Danger Flammable Materials".
- ▶ Comes flat packed with some assembly required.
- ▶ Complies with the requirements of AS4332-2004.
