GENERAL PURPOSE SPILL KITS

PRODUCT CODE: SK30 | SK50 | SK120 | SK240

KEY FEATURES AND BENEFITS

- **Versatile Absorbency:** Handles both hydrocarbons and water-based liquids.

- **Includes Loose Absorbents:** Provides flexible coverage for tricky spill areas.

- **Flexible Range:** Kits available for small jobs through to large-scale industrial spills.

- **Portable & Easy to Use:** Carry bags for mobility; wheelie bins for larger site deployment.

- **Complete Response Solution:** Pads, socks, loose absorbents, PPE, disposal bags, and instructions included.

- **Compliance Friendly:** Helps sites meet New Zealand health and safety obligations.

- **Tamper-Evident Seals:** Wheelie-bin kits secured with breakaway ties for inspections.

KIT CONTENTS

Contents for each kit can be found on our website.

Kit contents can also be **customised to suit your needs.**

A RESPONSE FOR COMMON WORKPLACE SPILLS

The SpillTech General Purpose Spill Kit range is designed for workplaces that deal with a variety of non-aggressive liquids, including oils, fuels, coolants, solvents, and water-based substances.

Unlike other ranges, these kits also include loose absorbents for extra coverage and flexibility when managing spills on uneven or hard-to-reach surfaces.

SpillTech General Purpose Kits provide a fast, reliable solution to everyday spill risks across vehicles, workshops, and large industrial sites.

AREAS OF APPLICATION

- Vehicles and trade crews
- Workshops and garages
- Warehouses and factories
- Refuelling areas
- Industrial sites
- Safety and compliance inspections
